

Human Nutrition Product List

The range and assurance manufacturers need

For over 30 years we have helped our clients meet exacting requirements in the manufacture of supplements for human consumption.

Our clients rely on us to stock a full range of minerals at all times and are confident that our operations remain fully compliant with changing industry regulations.

As well as consistently delivering product excellence, we welcome customer audits of our sites and processes at any time.

Manufacturing, storage & distribution from Wales, UK.

Celtic Chemicals mineral range comprises of products made in house, such as Chromium, Selenium & Molybdenum salts, products imported from long standing partners in India & the range offered by Jost Chemical, from their USA & Polish production facilities. Aside from the minerals we offer Choline salts, produced by Algrý in Spain. Algrý Quimica is one of the largest Choline manufacturers in Europe and offers superior quality materials compliant with the most stringent regulatory requirements.

All together these provide an ideal range of organic and inorganic acid mineral salts, from Ammonium to Zinc, to help our customers' formulations and product development.

Ca Calcium products	Cr Chromium products	Cu Copper products	I Iodine products	Fe Iron products
Mg Magnesium products	Mn Manganese products	Mo Molybdenum products	Se Selenium products	Zn Zinc products

Quality Matters

Working within UK/EU regulations

Our focus is on assisting customers as they adhere to the Food Supplements Directive UK/EU 2002/46/EC and its amendments.

The requirements of EC 1831/2003 - and its amendments EC 609/2008 - set the maximum levels for certain contaminants in foodstuffs, notably Lead, Cadmium and Mercury. Arsenic is also controlled through the Food Safety Act.

Working outside of the UK/EU

We also provide advice for customers interested in sourcing and working with raw materials that are suitable for use outside of the UK/EU.

The Process

You can rely on our team to work with you to assess your precise requirements and help advise on issues such as solubility and mineral content. A sample for your evaluation, with full documentation, can also be provided on request.

CaCalcium
products**Calcium Products**

- ⊕ Calcium Acetate Pure
- ⊕ Calcium Carbonate (Light & Heavy)
- ⊕ Calcium Chloride 2 Hydrate
- ⊕ Calcium Citrate 4 Hydrate
- ⊕ Calcium Fumarate Purified Granular
- ⊕ Calcium Gluconate 1 Hydrate
- ⊕ Calcium Glycerophosphate
- ⊕ Calcium Hydroxide
- ⊕ Calcium Iodate Anhydrous
- ⊕ Calcium L-Methylfolate
- ⊕ Calcium Lactate 5 Hydrate
- ⊕ Calcium Lactate Anhydrous
- ⊕ Calcium Malate Anhydrous Powder
- ⊕ Calcium Phosphate (Di, Tri, Anhydrous & Dihydrate)
- ⊕ Calcium Succinate 1 Hydrate

MgMagnesium
products**Magnesium Products**

- ⊕ Magnesium Ascorbate
- ⊕ Magnesium Aspartate
- ⊕ Magnesium Carbonate (Light, Medium & Heavy)
- ⊕ Magnesium Chloride 6 Hydrate
- ⊕ Magnesium Citrate Tribasic (Hydrated & Anhydrous)
- ⊕ Magnesium Gluconate (Powder & Granular)
- ⊕ Magnesium Glycerophosphate
- ⊕ Magnesium Glycinate
- ⊕ Magnesium Hydroxide
- ⊕ Magnesium Lactate (2 Hydrate & Anhydrous)
- ⊕ Magnesium Malate
- ⊕ Magnesium Oxide (Light, Heavy & Granular)
- ⊕ Magnesium Phosphate (Di, Tri, Powder & Granular)
- ⊕ Magnesium Sulphate (7 Hydrate, Dried & Anhydrous)

C5H14NOCholine
products**Choline Products**

- ⊕ Choline Chloride
- ⊕ Choline L Bitartrate
- ⊕ Choline Dihydrogen Citrate

CrChromium
products**Chromium Products**

- ⊕ Chromium Chloride 6 Hydrate
- ⊕ Chromium Chloride Blends
- ⊕ Chromium Picolinate
- ⊕ Chromium Polynicotinate
- ⊕ Chromium Sulphate 4-Hydrate

CuCopper
products**Copper Products**

- ⊕ Copper Glycinate
- ⊕ Cupric Citrate Hemitrihydrate
- ⊕ Cupric Gluconate
- ⊕ Cupric Sulphate 5 Hydrate
- ⊕ Cupric Sulphate Anhydrous

IIodine
products**Iodine Products**

- ⊕ Iodine
- ⊕ Potassium Iodate
- ⊕ Potassium Iodate Blends
- ⊕ Potassium Iodide
- ⊕ Potassium Iodide Blends
- ⊕ Sodium Iodide

FeIron
products**Iron Products**

- ⊕ Ammonium Ferric Citrate Powder (Brown, Green & Red)
- ⊕ Ferric Citrate Hydrated
- ⊕ Ferric Pyrophosphate
- ⊕ Ferric Sodium EDTA 3 Hydrate
- ⊕ Ferrous Citrate Dibasic
- ⊕ Ferrous Fumarate
- ⊕ Ferrous Gluconate (Powder & Granular)
- ⊕ Ferrous Glycinate
- ⊕ Ferrous Lactate 2 Hydrate
- ⊕ Ferrous Sulphate (7 Hydrate & Dried)

MnManganese
products**Manganese Products**

- ⊕ Manganese Ascorbate
- ⊕ Manganese Gluconate 2 Hydrate (Powder & Granular)
- ⊕ Manganese Glycerophosphate
- ⊕ Manganese Glycinate
- ⊕ Manganese Lactate
- ⊕ Manganese Sulphate 1 Hydrate
- ⊕ Tri Manganese Citrate 10 Hydrate Powder

MoMolybdenum
products**Molybdenum Products**

- ⊕ Ammonium Molybdate 4 Hydrate
- ⊕ Sodium Molybdate 2 Hydrate
- ⊕ Sodium Molybdate Blends

SeSelenium
products**Selenium Products**

- ⊕ L Selenomethionine 40% Se
- ⊕ L Selenomethionine Blends
- ⊕ Potassium Selenate Anhydrous
- ⊕ Selenium Enriched Yeast
- ⊕ Sodium Selenate Anhydrous
- ⊕ Sodium Selenate Blends
- ⊕ Sodium Selenite Anhydrous
- ⊕ Sodium Selenite Blends

ZnZinc
products**Zinc Products**

- ⊕ Zinc Acetate 2 Hydrate
- ⊕ Zinc Ascorbate 15%
- ⊕ Zinc Aspartate
- ⊕ Zinc Chloride Anhydrous
- ⊕ Zinc Citrate 2 Hydrate
- ⊕ Zinc Citrate 3 Hydrate
- ⊕ Zinc Gluconate (Powder & Granular)
- ⊕ Zinc Glycinate
- ⊕ Zinc Lactate 2 Hydrate (Powder & Granular)
- ⊕ Zinc Oxide
- ⊕ Zinc Picolinate
- ⊕ Zinc Sulphate (1 Hydrate & 7 Hydrate)

%Mineral
blends**Mineral Blends**

- ⊕ Sodium Selenate / Selenite on Maltodextrin
 - ⊕ Chromium Chloride on Maltodextrin
 - ⊕ Potassium Iodate / Iodide on Maltodextrin
 - ⊕ Sodium Molybdate on Maltodextrin
 - ⊕ Sodium Selenite on Microcrystalline Cellulose
 - ⊕ L Selenomethionine on Di Calcium Phosphate
 - ⊕ Sodium Selenate / Selenite on Calcium Carbonate
- Alternative carriers available on request.**
